

BayCare Clinic is delighted to present two prominent events this year, providing a unique platform for businesses to demonstrate their commitment to community health and wellness.

BayCare Clinic Century Bayshore to Lakeshore Bike Ride

Pedal for a purpose! Our signature Bayshore to Lakeshore bike ride is a celebration of community spirit and physical fitness. As a sponsor, you're not just placing your brand on our event; you're fueling a movement that promotes a healthier, more active community.

BRAs of the Bay Fundraiser

The BRAs of the Bay fundraiser is a heartwarming event that underscores our dedication to breast reconstruction rights awareness. Proceeds from this event will benefit local organizations dedicated to assisting individuals diagnosed with breast cancer. Your sponsorship doesn't just increase your brand visibility; it sends a powerful message about your commitment to stand with breast cancer patients and survivors.
